**NAVISTAR UNIT UPDATE**  
C.A.W. Local 127

Dear Brothers and Sisters,

There have been dates secured for this coming weekend to meet with the Company in regard to their intent to close the Chatham Plant. They are:

August 19<sup>th</sup>, August 20<sup>th</sup> and August 21<sup>st</sup> 2011.

Many from the Membership have sent emails outlining their questions and concerns. The topics vary but most of the questions evolved around Pensions, Benefits and Severance. Most of the answers will come via negotiating a Closure Agreement with the Company.

An update meeting for the Membership will come following meeting with the Company. As of yet a date and time has not been determined as it is dependent on our progress in the negotiating process.

In Solidarity,

Cathy Wiebenga – Plant Chairperson
